Professional Summary

Aspiring **Software Engineer (MCA)** with strong foundation in **Java, Python, SQL, and Data Analytics**. Hands-on experience in developing **management systems and data visualization tools**. Knowledgeable in **SDLC, Agile methodologies, and software testing**. Certified in **C# (Infosys Springboard)** with proven problem-solving ability on **HackerRank** and exposure to **open-source contributions**. Seeking opportunities to leverage technical expertise and adaptability in innovative IT solutions.

Education

Master of Computer Applications (MCA) , Chandigarh University	2024–2026 (Expected)
B.Sc (IT) , C.V Raman University, Vaishali	2019–2022 (CGPA: 7.3/10)
Intermediate (Science) , M.L.S.M College, Darbhanga	2017–2019 (75.8%)
Matriculation , S.K High School, Madhubani	2016–2017 (71.6%)

Technical Skills

- **Programming** — C, C++, Python, Java, SQL
- **Data Analytics** — Excel, Power BI
- **Machine Learning** — NumPy, Matplotlib
- **Databases** — MySQL
- **Concepts** — OOP, DBMS, SDLC, Agile
- **Version Control** — Git, GitHub

Projects

Gym Management System (Python, SQL)

- Developed a desktop system with SQL integration for real-time member and payment tracking.
- Automated manual record-keeping, reducing workload by **40%**.

E-Commerce Transaction Visualizer (Python, NumPy, Matplotlib)

- Built visualization tool to analyze sales trends, top products, and customer behavior.
- Enhanced decision-making through clear data insights and dashboards.

Certifications

- **C# Programming** — Infosys Springboard (2023)

Achievements

- Practiced competitive programming on **HackerRank**.
- Attended multiple workshops on emerging technologies.
- Contributed to open-source projects on GitHub.
